Honorable Grover Robinson IV
Chairman
Escambia County Commissioners
221 Palafox Pl #400
Pensacola Florida 32502

Dear Robert Cole and Grover Robinson IV

I am the Chairman of the Navarre Pohlmann Pass Committee and a long-time resident of Santa Rosa County. I am writing to request your full support in having an updated feasibility Environmental and Economic study completed for re-opening of The Navarre Pass. These studies would be of no cost to either county.

I understand that some people in our county have voiced their concerns over the possibility of re-opening the Pass and those concerns have been environmental. Without a comprehensible study completed, none of us will ever know if it would be feasible or not. Past studies have favored re-opening the Pass.

However, I am one of thousands of citizens in Santa Rosa County that believe by re-opening the Pass it would not only benefit Santa Rosa County but also surrounding counties such as Escambia.

I urge you to move forward on this request and look forward to your response.

Sincerely,

Chuck Pohlmann
